Community outreach and education have been priorities for René throughout her career. She has provided consulting and treatment services for medical offices, not-for-profit organizations, and hospitals in New Mexico, Colorado, and Texas. René has been instrumental in new program development at many of these facilities.

René has also presented extensively at conferences, massage schools, cancer centers, and outreach events on topics including cancer, lymphedema, caregiver support, and hospice care.

René joined Klose Training and Consulting in 2004 as an assistant instructor for the Manual Lymph Drainage and Lymphedema Therapy Courses and became a full Instructor for the MLD courses in 2006. She brings nearly 25 years of experience in the field of massage and bodywork to her classroom instruction.
